“Painting the Portrait and Landscape”

With **Stan Miller, AWS**

March 18-22, 2019, 9:30am-3:30pm

St. Andrew's Church, 4000 Lorcom Lane, Arlington, VA 22207

\$385 members, \$420 non-members

Stan Miller has been a professional painter in watercolor and egg tempera for more than forty years. He has exhibited his paintings in numerous exhibitions, galleries and museums and is a signature member and award winner with the American Watercolor Society. According to a June 2014 article in *Watercolor Artist*, “Stan Miller has an eye that’s equally fascinated by explosive drama and the quietest subtleties. In his paintings, he combines the excitement of powerful light sources and blazing highlights with passages of closely keyed color that are exquisitely judged.”

“The greatest compliment I’ve ever received after someone has looked at my work is, ‘Your work is so peaceful.’ I’m, to a great degree, trying to paint peace. I’m also trying to paint hope,” he said. “Many of my paintings are quite dark with light coming into the compositions in carefully planned areas. The world can seem quite dark at times, but the light is always there. In my paintings I’m also trying to honor what is old and worn which can teach us about ourselves, our history, who we are, and where we’ve come from.”

In this exciting and challenging workshop, Stan Miller will demonstrate his use of color, mood and lighting in both portrait and landscape subjects. Choosing paintable subjects, the importance of composition, going from realism into abstraction will also be discussed and demonstrated. Students have the option of working on the same subject as the instructor from a provided handout or from their own images. Students are welcome to only do portraits, only landscapes, or both during the week.
